TWO BREAK JAIL; FREE ONE HOUR

COUNTY PRISONERS WHO ESCAPED LAST NIGHT ARE CAUGHT AT CONCEPTION.

SAWED FOUR BARS THEN TOOK TRAIN

E. F. Steinberg, Held for Forgery, and Harry Whalen, for Robbery, Make "Get-Away" in Officials' Absence.

After having sawed through four one and one-half inch steel bars in the county jail, and boarding a Wabash train for St. Louis, last nighth during the absence of all officials, E. F. Steinberg and Harry Whalen, held on state charges, were arrested when the train they were on, reached Conception Junction, an hour later. The delivery accomplished by Steinberg and Whalen both scarcely out of their "teens," was perhaps one of the best planned and manipulated that has occurred at the county jail for years.

Exit was gained through the main entrance to the jail proper, by sawing through and bending backword one of the large steel bars and cutting away the wire screen. This let both into the hallway leading into the residence part of the jail, occupied by Sheriff Edwin Wallace. The two then passed out through the kitchen door and hastened to the Wabash station.

Prisoners Take a Sleeper.

The delivery was accomplished about ten o'clock. Wabash train No. 14, which they boarded, is due here at 10:14 but was a few minutes late last night. Both purchased tickets through to St. Louis, then each engaged a Pullman berth, Steinberg taking a "lower" and Whalen, an "upper."

Immediately after the delivery of the two, Levi Kelly, another county prisoner, began to cry, "jail break!" "jail break!" "jail break!" The cry was heard by Bernard Muse, who with several acquaintances, were standing at the corner of Market and Fourth streets, a half block west of the county jail.

Muse went to the jail, entered and learned of the escape of Steinberg and Whalen. Night Policeman Killion was notified. He in turn notified Chief of Police E. C. Moberly, who with Sheriff Wallace and family and Deputy Sheriff John Porter were attending a play at the Empire theater. This was at 10:15 o'clock.

Start Bloodhound on Trail.

Moberly then called Sheriff Wallace and Deputy Porter. Officers at the various towns along the Wabash and Burlington railroads were notified of the delivery, among them being Gabe Purcell, deputy sheriff at Conception Junction.

Purcell had previously arrested Whalen last week, and therefore was able to recognize him. Purcell was at a theater at Conception when the alarm came there. The Wabash passenger train nearing, Steinberg and Whalen arrived at Conception a few minutes after Purcell reached the station.

Boarding the train, he "unearthed" the two escaped prisoners in the Pullman coach. Neither had retired, though Whalen was just preparing to "turn in" for a nap before their destination—St. Louis—was reached.

In the meantime Chief Moberly had called out his 2-year-old bloodhound, "Cap," and was preparing to place him on the trail of Steinberg and Whalen, when Deputy Purcell telephoned from Conception that both had been taken into custody and were being held for the officers.

Used Saw and Scissors.

Sheriff Wallace and Chief Moberly then went to Conception in Sheriff Wallace's car. The car was stored at Conception and the officers brought the two escapers back to Maryville on Wabash passenger train No. 1 this morning. They were replaced in the county jail.

A search of the jail this morning revealed a hacksaw, for sawing iron. It is eighteen inches long and in good condition. A pair of scissors belonging to the sheriff also was found. The saw was used to sever the bars, while the scissors were pressed into service to clip the wire screening over the jail door.

The scissors had been borrowed a few days ago from the sheriff by Whalen. Whalen claims Steinberg brought the saw into the jail with him ten days ago, while Steinberg says he found the saw in the jail when he was committed. It is the belief of officers that some one on a visit to the prisoners smuggled the saw into the jail.

Further investigation revealed the fact that two bars at the north end of the jail proper, and near the ceiling, had also been severed and bent back. Tracks on the window sill near the severed bars gave indication that one of the prisoners had previously made his exit from his cell in this manner, but failing to cut the bars at the window, was compelled to abandon this effort.

Another severed bar around the jail proper, surrounding the inside cells, also was found at the southwest corner and near the floor. It also had been bent outward, but not enough to allow a person to make his exit. Filings in several other of the large bars also were found. The jail is being overhauled and a thorough search is being made today at the direction of the sheriff to guard against further jail deliveries.

Four Now in Jail.

Only four prisoners now are contained in the county jail. They are Steinberg, 22 years old, of the state of Washington, arrested last week at Savannah, and charged with having passed three worthless checks, each for $18.25, in Hopkins December 29.

Whalen, 20 years old, of Battle Creek, Mich., who stole a bottle of morphine from the office of Dr. W. P. Stuckle in Conception last week.

Levi Kelly, serving time for having assaulted John Touhy here last June by striking him with a brick as Touhy was mounting the city water wagon.

Samuel Toay, serving time for beating a board bill at the Ream hotel last month.

Steinberg and Whalen were resting easily when a Democrat-Forum reporter called on them this morning, but both "had it in" for Kelly who squealed on them.

Are "Sore" at Kelly.

Steinberg would say but little, while Kelly was like a closed rat trap when questioned by officers and the reporter, but Whalen, young and unsophisticated, was very talkative and proceeded to explain the escape.

"We made good our escape and would easily have gotten away but for Kelly, who 'squealed' on us," said Whalen in one breath. "Kelly did as much sawing and attempt at delivery as either Steinberg or I, but because he was too fat to crawl through the small space made by bending the bar, was unable to escape.

"Perceiving that he could not escape along with us he gave the alarm, which resulted in our capture.

"Kelly sawed one of the bars entirely through and helped us on the other work. I did my best to help Steinberg, but being weak from the lack of 'dope,' which I am accustomed to, could do but little. Steinberg and Kelly therefore did most of the sawing and bending of the bars.

Removed Clothes to Escape.

"The two severed bars at the north end were cut before I came here last week," said Whalen, "but I helped to saw the lower one on the west side and the one in the jail door, through which we crawled. It took days to do the work. We would only do it at night, and then in the morning would 'soap' the filings to prevent detection.

"Before trying to crawl out last night we made certain that no one was in the sheriff's residence by calling for water, more heat and in other ways determining that all was right.

"Then Steinberg started crawling through the small space made in the jail door. He got half way through and stuck. Before he could go further I had to remove his trousers. I followed him, but also stuck and was compelled to remove my clothes.

"Kelly, seeing that the space was too small for him to make his exit, refrained from the acrobatic stunt, but waited until we were through and out of the jail, then gave the alarm. We ran directly to the Wabash station."

Prosecuting Attorney W. G. Sawyers, said this afternoon that he would file information against Steinberg, and possibly Whalen, tomorrow, charging them with jail breaking. The maximum penalty for such an offense is two years in the state penitentiary.

OPEN UP CHURCHES

EFFICIENT CHURCH MUST HELP HUMANITY, SAYS EVANGELIST

MAY BE TOO RELIGIOUS

The Rev. A. E. Burch Tells Baptist Audience There is Difference Between Religion and Christianity.

The over-religious person, the sanctimonious church and negligent parent came in for a hearing and some little scoring by the Rev. A. E. Burch at the First Baptist church revival last night. It was a capacity house that heard him. Preceding Evangelist Burch's sermon, the Burch family, consisting of Mr. and Mrs. Burch and two children, sang "I Am So Happy in Him."

"Christ always treats a sinner with the utmost kindness," said Mr. Burch in his address last night on "Old Satan's Rope." "If there is anyone that brands a sinner a hypocrite it is satan. The woman whom satan had bound fo reighteen years was loosened from her sin on the Sabbath, and the Jews were criticising Christ for his good work. There is such a thing as a fellow being too religious. There is a difference between religion and Christianity.

"I believe a church building is just a building and ought to be used as a meeting place for God's people. It ought to be thrown open to the masses, and if it were we wouldn't have so many dives and places of vice as we now have. I believe tonight that the efficient church today is the one that gets off its props and gets down to humanity and the needs of humanity.

Devil Always on the Job.

"When old satan gets a man down he demolishes all the furniture of his soul. His will, his mind, his intellectuality and his whole soul is demolished. He is bound with satan's rope.

"The devil is on the job every minute he can be. The more of Christ you try to live, the greater vision of the devil you are going to see. It is the hardest thing in the world to get loose from the devil's ropes. A man who doesn't believe in the devil has never honestly tried to believe in Christ.

"I believe if the church people realized how hard it was to break loose from the devil's ropes, they would go out into the highways and byways and help men to come in.

Parents Must Free Children.

"What does old satan use as a rope today? Any evil habit is a rope in tieing a man down. When Christ found a man bound by the devil's ropes, He set him free. Oh, the binding power of old satan, how hard it is to give up.

"Sometimes it is a holy ambition. Napoleon was bound by a holy ambition. Oh, the sacrifice of men to gain power, territory and influence.

"The world doesn't know how to live nor does it know how to die. We must teach them how to die. We must be on the job early and late, and every man, too.

"I don't believe that anyone but the parents can bring relief to their sons and daughters from satan's ropes.

"I don't believe there is a father in Maryville that will make an effort to loosen satan's ropes, but that their effort will be for good.

FORMER MARYVILLE GIRL WEDS

St. Joseph Telephone Operator Married Yesterday in Chicago.

Miss Dora Trullinger, an operator in a St. Joseph telephone exchange, a former Maryville girl, and J. J. Allison of Chicago, were married yesterday in Chicago, according to a notice in the St. Joseph News-Press of last night. Miss Trullinger is the daughter of Mrs. Lillian Trullinger of St. Joseph. The family resided in this city until a few years ago.

Young Allison, who is a foreman for the Rockford Sprinkling Company of Chicago, first met Miss Trullinger when he was sent to St. Joseph seven months ago on a mission for the firm. He roomed at Mrs. Trullinger's during his stay there. The couple was accompanied to Chicago yesterday by two neighbors of the Trullingers. After a short honeymoon trip the couple will live in Connorsville, Ind.

Kansas Visitors Here.

Mr. and Mrs. A. B. Leigh of Hutchinson, Kan., arrived in Maryville yesterday to visit Prof. and Mrs. Henry A. Foster, 415 West Ninth street. Mrs. Leigh is a sister of Mrs. Foster.

Appoint Buck Executor.

Joseph Jackson, Jr., was appointed executor today by Probate Judge W. H. Conn, of the estate of Franklin P. Buck, of Maryville, who died recently.

NEED MORE MONEY

COUNTY ENGINEER SAYS MORE ROAD REVENUE IS NEEDED.

COST $25,884 IN 1914

Improved Highways and Bridges Added With Local Labor at $1,039 Saving.

A total of $25,884.12 was expended in 1914 by Nodaway county, principally in the construction of improved bridges and culverts over the county, according to the annual report submitted to the county court today by County Highway Engineer John H. Clary. Of this amount approximately $9,000 went for fills, repairs and miscellaneous expenses on bridges and highways.

"The one great need at the present time is to provide some means for raising sufficient revenue to care for the needed repairs and the building of culverts and bridges to give safe and convenient passage to all classes of traffic," Engineer Clary concludes his report. "The class of work done in bridge and culvert building has been gradually improved each year for the past several years, and it is hoped that the necessity will not arise for the lowering of these standards."

Gave Up Some New Work.

The work of the year was continued chiefly to the building of bridges and culverts, and making such repairs as necessary. The policy of building only permanent structures was closely followed in all new work, but the heavy rains in the fall made it necessary to abandon some new work contemplated and the taking up of much emergency work and the building of some temporary bridges of used and new material.

The expenditures on roads and bridges for the year are:

Steel bridges	$ 5,901.78
Concrete culverts and bridges	10,848.17
Repairs and temporary bridges	4,784.39
Fills	1,102.45
Miscellaneous expense	3,247.33
Total	$25,884.12

Cut Out Contract Method.

Material was purchased for seven steel bridges, each of sufficient weight to carry a concrete floor. Six of these were erected with local labor, effecting a saving of $1,039.46 over the cost of six similar bridges built under contract a year before, with the additional advantage that these new bridges are each heavier, have longer wing walls and five of them have concrete floors.

This work was undertaken in the nature of an experiment and should be very gratifying to the county, since the letting of contracts for these small bridges has been very unsatisfactory as to cost, there being little real competition in the bids offered.

The seventh bridge is on the ground with other material ready for erection, the work having been stopped at the time of the heavy rains to take up the emergency work made necessary by the high water.

Many Unnecessary Bridges.

In all parts of the country are many bridges far in excess of the length required to provide for the drainage they care for. In making repairs these bridges have been shortened as much as practicable, and where possible many of these should be replaced with concrete culverts and fills.

County Engineer Clary also recites some of the larger bridge improvements of the past year and shows wherein some improvements and savings could be accomplished.

He further reports that fifty-eight bridges were repaired during 1914.

THIRD STOTTS TUTOR BEGINS.

First Marries, Second Unsatisfactory —New One in Today.

After two trials the board of education of the Stotts rural school, three miles south of Barnard, have secured a third teacher this term. She will begin her new duties today. She is Miss Cornie Lambert, formerly substitute teacher of the Rosendale schools.

The first rift in affairs at the Stotts school came just prior to last Thanksgiving, when Miss Goldie Wohlford resigned to marry. Her successor taught several weeks, but failing to keep good order in school, it is said, the board decided to replace her with Miss Lambert.

Miss Lambert, who visited County School Superintendent Albert H. Cooper here yesterday relative to her new appointment, said she intended to teach the remainder of the term at the Stotts school.

ATTEND BOARD MEETING

Christian Pastors at St. Joseph to Plan For "School of Methods."

The Rev. R. L. Finch, pastor of the First Christian church, and the Rev. J. W. Love, pastor of the Christian church of Burlington Junction, went to St. Joseph this morning to attend a conference of the district board of the Christian church.

The conference is for the purpose of making additional plans for the holding of the "school of methods," which is to be held in this city, February 8 to 12. This school is a comparatively new work which this denomination has taken up and will be the first of its kind ever held in Maryville.

It is for the benefit of the Seventh Missouri District of the Christian church which comprises 260 churches and Sunday Schools in twenty three counties.

The entire five days of the meetings are devoted to instruction. There will be no social features on the program. The session will begin each afternoon at four o'clock. There will be two lectures of an hour each in the afternoon and three of the same duration at the evening session which will begin at 7:30 o'clock. These lectures will be on certain lines of church endeavor and there will be special conferences and instruction in all phases of the church work.

Fully 300 of the leading Christian workers of the district and other eminent Bible school workers will attend the meeting.

SELLS FARM FOR $28,000.

Heber Collins Gets $7,000 Increase on 280 Acres After Year.

The 280-acre farm of Heber Collins, six miles northeast of Pickering, part of the old Shellman estate, has been sold for $28,000 to Charles Florea, living near Hopkins. Just a little more than a year ago Collins and W. W. Alexander bought the farm for $75 an acre. Later Collins bought Alexander's half interest at $77.50 an acre.

In the deal Collins took an 80-acre farm belonging to Florea at $125 an acre, or $10,000. It is located near the farm just sold.

Continuing the trading spirit while trading was good, Mr. Collins then further reduced his hold on terra firma by "swapping" the 80-acre farm to Lee Sharr, who lives eight miles southeast of Hopkins, for a 40-acre farm belonging to Sharr, at $125 an acre.

The last transaction was made this morning when the 70-acre farm of J. W. Sawyers, in the same neighborhood, was bought at $96 an acre jointly by Collins and Alexander. It was purchased merely as an investment.

WABASH ROADBED IS GOOD.

State Inspector Criticises Sanitation and Depot Facilities, However.

In a report of the physical condition of the Wabash railroad in Missouri, Frank A. Wightman says the roadbed of the Wabash railroad is in fairly good condition. The only criticism offered is in reference to sanitation and facilities of some of the depots on the Wabash. Wightman is making a physical inspection of all railroads operating in Missouri for the Missouri public service commission.

The Wabash operates 276.5 miles of main line from St. Louis to Kansas City; 88 miles from Moberly to the Missouri-Iowa state line; 157.84 miles from Brunswick to the Missouri-Iowa state line through Maryville and Nodaway countay; 21.7 miles comprising the Columbia branch; the Glasgow branch of 15.1 miles and the Excelsior Springs branch of 9.1 miles.

TO WED PICKERING GIRL.

Glen Bloomfield and Amy Leech Will Be Married Tomorrow.

A marriage license was issued in the office of the recorder of deeds this morning to Glen Bloomfield, 22 years old, of Parnell, and Miss Amy Leech, 18 years old, of Pickering.

The marriage is to be performed at noon tomorrow at the home of the bride's parents, Mr. and Mrs. S. C. Leech, five miles east of Pickering. Mr. Bloomfield is a son of Mr. and Mrs. W. E. Bloomfield, six miles east of Pickering.

They will reside on the farm of C. E. Patterson in the Bloomfield neighborhood.

160 ACRES BRINGS $21,600.

Mrs. Jesse Watson, Pickering, Sells Farm to Truman Young as Investment.

The 160-acre farm of Mrs. Jesse Watson of Pickering, located east of that town, has been sold for $135 an acre, or $21,600 to Truman Young, east of Pickering. He will remain on his present farm. He merely bought the Watson farm as an investment.

NORMAL DEFEATS PICKERING

Training School Basket Ball Team Wins Over Visiting High School Players 28 to 9.

The Normal training school basket ball team defeated the Pickering eighth grade and high school team this morning in the Normal gymnasium by the decisive score of 38 to 9

The Pickering team started off with a rush, when Moon, a high school lad, shot three goals in rapid succession. The training school ten seemed to hit its stride and commenced scoring almost at will.

The first half ended 24 to 8 for the training school lads. The second half was practically a repetition of the first, except that the Pickering team got only one point in the half.

Burks and Moon played well for the visitors. Every man on the training school team played good basket ball, with Michael, Condon and Cain appearing to particular advantage. Harvey Watson, a former member of the Normal school first team, is now coaching the training school team. Summary:

Pickering—Field goals, Moon 3, Lett 1; free throws, Moon 1.

Maryville—Field goals, Price 2, Cain 8, Michael 7; free throws, Michael 2, Price 2.

Referee—Lyle and Scarlett.

LIVENGOOD HEADS PAPER NOW.

Elmo Normal Student Succeeds Myrtle McPherron as Editor of "Green and White."

At the regular election of an editor-in-chief of the Normal school Green and White Courier yesterday, Lowell Livengood of Elmo was chosen by the student body. The other candidates for election were Miss Ivah Barnes and Henry Miller.

Miss Myrtle McPherron, who has been editor-in-chief since the founding of the paper, will leave Maryville in February in time to enter the second semester of Drake university. Miss McPherron has filled the office well and has done much to make the paper the excellent publication which it has been, it is said.

Mr. Livengood is considered well qualified to fill the position to which he has been elected.

TRY LONG BY SPECIAL JUDGE.

Litigation in Seduction Case from Atchison County to Be Aired Again Here Soon.

Judge Arch E. Davis of Chillicothe was this morning appointed special judge to hear the case of the state against Ollie Long, charged with seduction, in Maryville at an early date. The action was taken by Judge W. C. Ellison in circuit court here.

Long was charged originally with the crime in Atchison county. Through a change of venue, on the grounds of prejudice, the case was transferred for trial to the circuit court here. It resulted in Long's conviction. An appeal was taken to the Kansas City appellate court. That tribunal reversed the decision and remanded it back here for re-trial.

The appointment of a special judge followed.

54 LAWYERS IN LEGISLATURE.

Farmers Next With 38 in House and 6 in Senate—Democrats Predominate.

Of the 176 members of the present state legislature of Missouri fifty-four are lawyers and forty-four are farmers.

Politically the senate stands: Democrats, 26; Republicans, 8. Three of the new senators, Frank Farris of the tenth district, Edwin L. Moore of the twentieth and Col. W. H. Phelps of the twenty-eighth district, were members of the house of the Forty-seventh general assembly.

Two of the new senators, John F. Morton of the eighth district, and Peter Anderson of the Thirty-fourth district, served in the senate several years ago.

Of the thirty-four members of the senate, 16 are lawyers, six are farmers, two are physicians, one is a druggist, one an editor, one a jeweler, one a real estate agent, one a contractor and one a banker.

In the house more than one-third of the 142 members served in the house of the last assembly so that in legislative experience that body is well equipped.

The lawyers and farmers are tied in the house, there being 38 of each. Other avocations and professions are represented as follows: Real estate agents, nine; druggists and lumber dealers, two each; merchants, five; preachers, two; clerks, three; bankers, two; editors, four; insurance agents, two; land agents, bakers, evangelists, contracting engineers, hotel proprietors, station agents, teachers, loan agents, salesmen, millers, veterinary surgeons, painters, locomotive engineers, stockmen, builders, plumbers, retired capitalists and printers, one each.

Politically, the house stands: Democrats, 76; Republicans, 65; Progressives, 7. Party vote on joint ballot: Democrats, 102; Republicans, 73; Progressives, 1.

The lawyers, taking the assembly as a whole, predominate, as they have a total of 54 out of the whole membership of 176, the farmers following next with a total of 44 for the two houses.

To Give Entertainment.

The pupils of the Union school, three miles north of the city, are preparing an entertainment to be given Saturday night. The program will be followed by a box and pie supper. Miss Nellie McKnight is the teacher of the school.

YET WOMEN GAIN

THOUGH SUFFRAGE AMENDMENT LOST, SENTIMENT CHANGES.

WILL WIN EVENTUALLY

W. C. Van Cleve Describes Defeat of Franchise in Congress—Steadily Advance Towards Goal.

(By W. C. Van Cleve.)

Washington, D. C., Jan. 15.—Tuesday was women's day in the house of representatives. The spacious galleries of the house were resplendent with colors and aglow with feminine beauty and brilliance. Two forces were in evidence, those praying for equal suffrage and those opposing it. In what proportion they were divided or represented, deponent cannot state, for under the rules of the house the occupants of the galleries are not allowed to show either approval or disapproval of utterances made upon the floor. Despite this fact and the frequent admonitions of the speaker, there were numerous outbursts of applause until he threatened to clear the galleries.

The issue before the house was the proposition to adopt an amendment to the federal constitution granting full suffrage to women. The question was debated for about eight hours and many speeches, some able, some eloquent, some ingenious and some otherwise were made. On the whole the speeche on both sides were more interesting and more illuminating perhaps than those made on the probibition amendment.

Though Defeated Vote Shows Change.

The result was a foregone conclusion, although the proposition secured 174 votes as against 204 votes opposed. The day marks a new era, however, in an old fight. While the resolution failed of adoption, it was dignified by a vote in the house, which has never occurred before.

The senate voted on a similar proposition last March. It has taken a half century of persistent effort on the part of suffrage propagandists to win the recognition that has been given it in the present congress. All prior congresses have allowed the matter to rest peacefully in committee.

Forty-five years ago Mr. Julian of Indiana introduced in congress a resolution providing for an amendment to the constitution enfranchising women. It was drawn along the lines of the fifteenth amendment, and provided that "The right of citizens of the United States to vote shall not be denied or abridged by the United States or by any state on account of sex." That was known as the Susan B. Anthony amendment, and it has been reintroduced in every congress since that time under different names as its sponsors changed.

Women Learn Politics.

Now that the resolution so long ignored has been allowed to come to a vote, it may be worth while to note that the women have evidently learned some practical politics. It would be a shocking injustice to say that they had maintained a lobby, but they have during the past two years maintained headquarters here in Washington and kept a force of workers in the field at much expense.

They have kept the matter before the members of congress by personal appeal, they have bombarded the committee continually and they have kept letters, petitions and telegrams coming by the thousands.

They are undaunted by this failure to secure the adoption of their resolution, but, on the other hand, profess to be much encouraged and declare the day is not far distant when they will win.

PRESENT DRASTIC "DRY" BILL.

Senate Measure Would Provide Prohibition in Cities of 2,000 or More.

A bill providing precinct local option in the towns and cities of 2,000 or more population—aimed principally at St. Louis—will be introduced in the state legislative assembly this week at the request of the Missouri Anti-Saloon league. This measure is perhaps the most drastic the so-called drys will advocate, and every effort they can command will be made to put it through.

In all probability the bill will be introduced in the senate by Senator Craig of Nodaway county.

The ladies of St. Patrick's church will give a coffee Wednesday afternoon and evening, January 20, in the church hall. Everybody invited.

Leaves for Oklahoma City.

Miss Stella Q. Smith left this afternoon for Oklahoma City, Okla., to resume her work in the city school. En route Miss Smith will visit at St. Joseph with Misses Mamie and Anna Dooley, and at Kansas City with her brothers, Charles and William Smith. Miss Smith has been spending several months with her parents, Mr. and Mrs C. Q. Smith, while recuperating from a serious illness.

"CASCARETS" ALWAYS STRAIGHTEN YOU UP

If Costive, Headachy, Bilious, Stomach Sour, Breath Bad—Clean Your Liver and Bowels.

Get a 10-cent box now.

You men and women who can't get to feeling right—who have headache, coated tongue, foul taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have backache and feel worn out.

Are you keeping your bowels clean with Cascarets, or merely forcing a passageway every few days with salts, cathartic pills or castor oil?

Cascarets work while you sleep; cleanse the stomach, remove the sour, undigested, fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the bowels.

A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular, and head clear for months. Don't forget the children. They love Cascarets because they taste good—never gripe or sicken.

HEARING ON LITERACY TEST NEXT FRIDAY

Friends See President Giving Way to Legislators.

Washington, Jan. 19.—President Wilson received the immigration bill as passed by congress and set aside three hours next Friday to listen to arguments on the merits of the measure.

The bill went to the White House with the restrictive literacy test for admission of aliens unamended, despite frequent declaration by the president that this form of restriction did not meet with his favor. What the president finally will do is problematical, but his granting hearings has aroused the hopes of champions of the measure that he will not veto the bill.

In congress there are many Democrats who believe that the bill could be passed over a presidential veto in both houses by the necessary two-thirds majority.

When President Taft vetoed a similar measure it was repassed by more than two-thirds majority in the senate and failed by only a few votes in the house.

J. PIERPONT MORGAN CALLS ON PRESIDENT

Washington, Jan. 19.—J. Pierpont Morgan, discussed the foreign exchange situation with President Wilson and informed the president that conditions were improving. He mentioned, incidentally, the credit of $12,000,000 established by the Russian government in the United States through Mr. Morgan's banking firm.

It was understood Mr. Morgan informed the president that the increase in American exports to Europe recently has greatly reduced the debt owed in Europe by Americans at the outbreak of the war and that as a result conditions were progressing favorably. Mr. Morgan explained that his firm has not arranged for a direct loan of money to Russia, but that debts owing by Russia in this country for the purchase of supplies would be met through Morgan & Co.

CATTLE AND HOGS LOWER

But Lighter Receipts May Increase Prices, Prediction—Feeders on Market Now.

Kansas City Stock Yards, Jan. 18.—The feature in the cattle market here last week was the fact that 20,000 cattle, 60 per cent of the supply, went into the hands of stocker and feeder buyers. The bulk of these cattle went out at prices 15@25c below Monday. The comparatively small number of killing cattle remaining sold 10@15c lower the first part of the week, but after Wednesday there were signs of returning strength. Receipts today at all points are light, and the market is strong to 15c higher here on killing cattle. Run here 14,000 head.

Stockers and feeders again make up a large proportion of the run, and sales are steady on the best, others unevenly lower. It required powerful influence to keep cattle back today in Chicago territory, where many feeders are almost forced to sell. Much of the beef produced in the last few weeks has come from low priced cattle, a class that finds the best outlet.

Choice steers sold here last week at $9, but high class steers are selling at $8.25@8.75, good short-fed steers $7.50@8.00, and plain steers, $7.25@7.60. Butcher cattle are strong to 10c higher today, following weakness since the first of the year. Cows sell at $5.50@6.50, a few prime cows up to $7.25, bulls $5.75 to $6.50, veal calves $8.50@10.50. Quarantine cattle in small supply, mostly medium steers at $6.25@7.75.

Hog receipts were lighter last week, but the market closed 10@15c below Monday. As a general rule each day's market closed strong for the day, indicating that killers have a place for hogs at the present range. Receipts today were 6,000 head, market 5@15c higher, top $7.00, bulk of sales $6.75@6.95. Order buyers paid the top, and some hogs were locked up because salesmen declined to sell to packers under $7. Light weights brought within a nickel of the top.

The supply here today is less than one-half as heavy as on either of the two preceding Mondays, and other markets also have moderate receipts today, so that higher prices later in the week may result.

Sheep buyers had bearish orders late last week, and their best bids on lambs Friday were around $8, which was 65c lower for the week. Ewes and wethers were quoted 25@40c lower, but very few sheep or lambs were sold at this reduction, salesmen either forwarding the stuff or holding over. Receipts today were held down to 2,400 head, and nothing very good was included. Lambs from Ft Collins and from Monte Vista brought $8.15 today, but strictly choice lambs would reach $8.35.

Ewes sold at $5.35, only medium quality. Sales today were 15@25c higher than Thursday or Friday. Declines this year are not taken seriously, because the market can be nursed back to strength with ease, as numbers bearing on the market, especially at Kansas City, are the smallest in several years at this time.

ENEMIES OF VILLA DEPOSE GUTIERREZ

Seize Mexico City and Appoint Garza Provisional President.

Mexico City, Jan. 18.—General Roque Gonzales Garza was elected provisional president of Mexico by the convention in session here, over which he presided. The former provisional president, General Eulalia Gutierrez, together with Generals Blanco, Robert and Jose Vasconcelos, left Mexico City for Pachuco. Martial law has been declared by Garza and the city is being patrolled by mounted police.

In electing Garza the convention declared itself to be supreme until a new president is elected and assumes all the legislative, executive and judicial powers. The convention issued formal orders for the withdrawal of the forces at Naco, Sonora.

The sudden change of the chief executive was made at an extraordinary session of the convention. The reason for Garza replacing Gutierrez, who was appointed recently by the Villa-Zapata convention, was not disclosed.

General Villa, with all the troops he hastily could assemble, is hurrying to the capital from Aguas Calientes.

VIEWS OF ALLIES' OBSERVER

German Medical Corps Not as Good as British, He Asserts.

London, Jan. 19.—A military observer at the British army headquarters in France, discusses the "physical and mental conditions" of the British troops and the Germans opposing them.

The writer, after making due allowance for the probability that the German prisoners in many cases represent the somewhat inferior elements of Germany's forces, says that "there seems to be a difference in the feeling of the German rank and file from that which existed some weeks ago."

"Some of our prisoners," the observer continues, "now realize that a victorious German advance is out of the question and that their duty is merely to gain any advantage commensurate with the sacrifices incurred.

"As regards physical well being," the British officer says, "it is doubtful if the Germans are so well off as are the British. The German medical arrangements also are inferior, many civilian physicians without surgical experience being used."

Senate Refuses to Advance Dry Rider.

Washington, Jan. 19.—The senate defeated, 40 to 38, the motion to suspend its rules for consideration of a prohibition rider to the District of Columbia appropriation bill. A two-thirds majority was necessary to suspend the rules prohibiting general legislation in appropriation bills, and the motion failed to receive even a majority. Debate has lasted five days.

R. W. Eversole of the dry goods firm of Eversole & Son will return this evening from a business trip of several days in Kansas City.

For Mentally Alert Men—Tuxedo

George Randolph Chester's "Get-Rich-Quick Wallingford" stories have delighted thousands through the mental alertness, good humor and keen mind shown by the wily promoter.

When George Randolph Chester writes of things typically American he knows what he is talking about; and when he endorses Tuxedo—the typically American tobacco—his endorsement carries great weight with the keen-minded, alert and brainy smokers of this country.

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

is made especially to maintain the American spirit of good humor. Its constant use benefits a man in mind and body, by keeping him happy and physically fit.

Tuxedo is the finest Kentucky Burley—the world's premier smoking-tobacco leaf—made absolutely non-biting by the original "Tuxedo Process" that has never been successfully imitated. Tuxedo is delightfully mild, fragrant, rich, and gives a cool and satisfying smoke. Tuxedo is in a class by itself.

SUE OVER FARM TITLE.

Jury of Six Hears Evidence in Litigation Over Sullivan Clark Estate.

The trial in circuit court here in the perfect title suit of William M. Clark and others against Elenor Clark, which was begun late yesterday afternoon, is expected to end late today. It is being tried before a jury of six men. The case went to the jury at 3 o'clock this afternoon.

The plaintiffs allege that Sullivan Clark, husband of the defendant, was not capable of conducting his business, due to old age and mental disability, and that she used her influence in persuading him to deed half interest of the real estate in question over to her.

Former Resident Buried.

The body of Daniel Melton, who died Sunday at Preston, Kan., arrived in Maryville at noon today and was buried this afternoon in Miriam cemetery. The body was accompanied by Dr. Walter Melton of Preston, a son of the deceased. BAD COLD? HEADACHY AND NOSE STUFFED

"Pape's Cold Compound" Relieves Cold or the Grippe in Few Hours —No Quinine Used.

Take "Pape's Cold Compound" every two hours until you have taken three doses, then all grippe misery goes and your cold will be broken. It promptly opens your clogged up- nostrils and air passages of the head; stops nasty discharge or nose running; relieves the headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffling. Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound,' which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute.

For Sale

Having rented my farm, I'm offering to sell all or any part of the following: Coach Horse and mammoth Jack, 7 draft mares, safe in foal to my jack; 6 young weanling mules, 25 cows with calves by sides ready to wean, 1 Red Pole three year-bull. Over three hundred head of Poland-China young hogs as good as J. O. James or Fred P. Robinson have as I use their boars and sows. Can block together 100 weanlings, weighing 30 to 60 pounds; 100 60 to 100 pounds; and 100 weighing 100 to 150 pounds, also about 30 young bred sows. I feel safe in saying these hogs are O. K. having lost over four hundred last year, these hogs have gone through a light seige and have lost some but they are all correct now.

RUSSIANS HOLD BACK INVADERS

Mackenzen Tells of Triple Barrier In Way of Germans.

MUSCOVITES FIGHT FIERCELY.

Though They Suffer Reverses and Their Losses Great, Czar's Forces Give No Sign of Breaking—Lull In the West Is Apparent.

Headquarters, Ninth German Army in Poland, Jan. 19.—Short days, miserable roads and stubbornly resisting enemy are the three fold difficulties preventing rapid progress in the eastern campaign, according to General von Mackenzen, commander of the Ninth German army.

Effective shelling of the enemy's position, without which no infantry attack against an entrenched enemy is possible in these days of modern, rapid firing rifles and machine guns, can be carried on only during five or six hours of daylight.

Infantry attacks cannot be pressed home in the same short period. The Russians, although at times suffering reverses, with high losses in killed, wounded and prisoners, show no signs of breaking and are fighting hard, with every advantage of position for each yard of ground between the German army and Warsaw.

No Change In West.

London, Jan. 19.—The omission from the German official report of any reference to Soissons, the scene of the recently marked German success, and the French statement that there has been no change in that region leads to the belief that a renewal of the violent struggle is there impending, the temporary quiet being due to the fact that neither side cares to risk an offensive in the present circumstances.

At widely separated points elsewhere on the western front there have been engagements, but the weather again is playing an important part. The storm in Belgium prevents operations, except artillery duels, and snow in the Vosges, at the other extremity of the line, makes attacks exceedingly difficult.

KAISER ISSUES ORDER

Prisoners of War Will Have No Military Honors at Burials.

Amsterdam, Jan. 19.—Emperor William has issued an order that untrained German reservists no longer shall be permitted to serve as guards of honor at the burials of prisoners of war, according to the Handelsblad.

"As much as we would like to give deceased prisoners of war the last military honors," the order of the emperor is quoted as saying, "all considerations must give way to the main work of these troops, namely, the acquisition as quickly as possible of the necessary military training."

German Official Statement.

Berlin, Jan. 19.—The German official statement refers to artillery exchanges in France; says the Germans were successful in various encounters of minor importance and declares the French have not recently undertaken any direct attacks. German forces occupied French positions near La Boisselle, and in the Argonne, and the Germans still are contesting a French advance near Pont-A-Mouson.

Appeal of Frank Placed on Docket.

Washington, Jan. 19.—The habeas corpus appeal of Leo M. Frank, convicted of the murder of Mary Phagan, the Atlanta factory girl, was docketed in the supreme court. The state of Georgia may now at any time move to have it advanced for early hearing. Without such action it will not be reached in the regular course of business for nearly eighteen months.

Revenue Cutters Save 476 Lives.

Washington, Jan. 19.—Revenue cutters of the United States saved 476 lives and gave assistance to 219 vessels, valued, with their cargoes, at more than $9,000,000 during the fiscal year, which ended June 30 last, according to a report to congress by Commandant E. P. Bertholf. For every dollar expended by the service it aided in saving property worth $3.72.

President May Address Navy League.

Washington, Jan. 19.—"National defense without militarism" is to be the keynote of the tenth annual convention of the Navy League of the United States, to be held in San Francisco, March 25-27. Senator James D. Phelan of California, who is to preside, has invited President Wilson to address the convention.

Panama Canal Workers Must Pay Rent.

Washington, Jan. 19.—Under a presidential order, employees of the Panama canal and the Panama Railroad company will have to pay rent and buy their fuel and electric current March 1 next. Heretofore these things have been supplied by the government free of cost.

To Establish Colorado Park.

Washington, Jan. 19.—The senate bill to establish the Rocky Mountain National park comprising 231,000 acres in Colorado, mostly in forest reserves, was passed by the house, after the adoption of some minor amendments. There was practically no opposition.

PRINCE HUSSEIN KAMEL.

New Khedive of Egypt, Who Is Now Preparing to Resist a Turkish Attack.

WOLVES ATTACK QUAKE SURVIVORS

Parties Formed to Hunt Down Beasts of Prey.

Rome, Jan. 19.—At Avezzano all the dogs in the town have been killed because they had been prowling in the debris among the bodies of the dead. At several places wolves have come down out of the mountains to attack survivors. Parties have been formed to hunt down and exterminate them. The wolves are said to be so vicious that they even attacked automobiles passing along the roads.

Work in the ruins is being carried forward as speedily as possible. Many persons were rescued alive in numerous towns from beneath the debris of fallen buildings, where they had lain without food or water for a week.

The pope has sent aid to all the bishops of the dioceses in the earthquake zone. A fund of $4,000,000 has been received by the pontiff thus far.

One estimate of the property loss says it will exceed $60,000,000.

In dozens of villages citizens who escaped with their lives are still in poignant fear that new shocks will tumble their buildings about their heads and are camping out to avoid further danger. Gradually, however, the seismic disturbances are lessening.

WIFE ASSISTANT GOVERNOR

Carlson Names Helpmeet to Aid In Looking After Legislation.

Denver, Jan. 19.—Colorado has a woman "assistant governor." Governor Carlson announced that he had appointed his wife to this position, and she will serve during his entire administration, putting in as many hours each day as does the governor. Mrs. Carlson's chief duties will be to look after legislation relating to women and children.

Suffs Now Turning to States.

Washington, Jan. 19.—Declaring that the vote in the house recently on the Mondell resolution for a constitutional amendment to enfranchise women had demonstrated conclusively that the next important step in the suffrage movement must come through the states, Mrs. Medill McCormick, chairman of the congressional committee of the National American Woman Suffrage association, announced that the committee's activity for the remainder of the session would be devoted to such legislation as would advance the cause in the various states.

Celluloid Comb; Baby Dead.

Chicago, Jan. 19.—A celluloid comb caused the death of Mary Mayer, eighteen months old. The child was playing with the comb in front of the stove. It ignited and set fire to her clothing.

WANT STATE CONTROL OF PRICES OF FOOD

London, Jan. 19.—An increase of 70 per cent in the price of wheat, as compared with a year ago, and similar advances in other foodstuffs are giving rise to demand for some form of state control of the food supplies. The General Federation of Trades Unions has taken up this matter and intends to urge the government when parliament meets to take steps to prevent speculation in food products. The price of wheat is now higher than at any previous time in fifty years.

Government regulation of freight rates and transportation of foodstuffs over the seas also is strongly urged.

SUNDAY TALKS IN WASHINGTON

Evangelist Preaches to Solons, Cabinet Heads and Diplomats.

WILSON IS UNABLE TO ATTEND

Revivalist Visits National Capital and Speaks For an Hour on "If Christ Came to Washington"—Introduced by Speaker Clark.

Washington, Jan. 19.—Billy Sunday, the revivalist, visited Washington and talked to 5,000 persons about "If Christ came to Washington." Members of the cabinet, congressmen, diplomats and government officials helped to swell the big audience that listened to the picturesque sermon of the baseball evangelist as he climbed upon a table and warned his hearers that "God must be served."

Champ Clark, speaker of the house, presided over the meeting, and Secretary Bryan, Attorney General Gregory, Secretary Lane and J. P. Tumulty, secretary to the president, occupied seats on the platform. A number of senators were present and Speaker Clark remarked, as he introduced the preacher, "that a quorum of the house was on hand."

Sunday was a trifle hoarse, but he spoke for an hour with tremendous energy. He declared that he believed he "would not have to leave the corporate limits of Washington to find people who would vote to crucify Jesus Christ if he walked up Pennsylvania avenue today."

"Christ is already in Washington," he asserted. "He sees every false vote that you cast here, or that is cast in your constituencies. His judgment of you or me is not based on what he reads in the Congressional Record."

As the assemblage arose to hear the preacher's final prayer he thanked God for "a president in the White House who bows his knee in submission to God."

The president was invited to the meeting, but was unable to attend. His daughter, Margaret Wilson, and Miss Helen Bones, the president's cousin, were present.

Mrs. Fred Fox and daughter, Minnie, of Graham spent the day with friends in Maryville today.

John Sparks of Parnell spent the day visiting friends in Maryville.

TWO BREAK JAIL; FREE ONE HOUR

COUNTY PRISONERS WHO ESCAPED LAST NIGHT ARE CAUGHT AT CONCEPTION.

SAWED FOUR BARS THEN TOOK TRAIN

E. F. Steinberg, Held for Forgery, and Harry Whalen, for Robbery, Make "Get-Away" in Officials' Absence.

After having sawed through four one and one-half inch steel bars in the county jail, and boarding a Wabash train for St. Louis, last nighth during the absence of all officials, E. F. Steinberg and Harry Whalen, held on state charges, were arrested when the train they were on, reached Conception Junction, an hour later. The delivery accomplished by Steinberg and Whalen both scarcely out of their "teens," was perhaps one of the best planned and manipulated that has occurred at the county jail for years.

Exit was gained through the main entrance to the jail proper, by sawing through and bending backword one of the large steel bars and cutting away the wire screen. This let both into the hallway leading into the residence part of the jail, occupied by Sheriff Edwin Wallace. The two then passed out through the kitchen door and hastened to the Wabash station.

Prisoners Take a Sleeper.

The delivery was accomplished about ten o'clock. Wabash train No. 14, which they boarded, is due here at 10:14 but was a few minutes late last night. Both purchased tickets through to St. Louis, then each engaged a Pullman berth, Steinberg taking a "lower" and Whalen, an "upper."

Immediately after the delivery of the two, Levi Kelly, another county prisoner, began to cry, "jail break!" "jail break!" "jail break!" The cry was heard by Bernard Muse, who with several acquaintances, were standing at the corner of Market and Fourth streets, a half block west of the county jail.

Muse went to the jail, entered and learned of the escape of Steinberg and Whalen. Night Policeman Killion was notified. He in turn notified Chief of Police E. C. Moberly, who with Sheriff Wallace and family and Deputy Sheriff John Porter were attending a play at the Empire theater. This was at 10:15 o'clock.

Start Bloodhound on Trail.

Moberly then called Sheriff Wallace and Deputy Porter. Officers at the various towns along the Wabash and Burlington railroads were notified of the delivery, among them being Gabe Purcell, deputy sheriff at Conception Junction.

Purcell had previously arrested Whalen last week, and therefore was able to recognize him. Purcell was at a theater at Conception when the alarm came there. The Wabash passenger train nearing, Steinberg and Whalen arrived at Conception a few minutes after Purcell reached the station.

Boarding the train, he "unearthed" the two escaped prisoners in the Pullman coach. Neither had retired, though Whalen was just preparing to "turn in" for a nap before their destination—St. Louis—was reached.

In the meantime Chief Moberly had called out his 2-year-old bloodhound, "Cap," and was preparing to place him on the trail of Steinberg and Whalen, when Deputy Purcell telephoned from Conception that both had been taken into custody and were being held for the officers.

Used Saw and Scissors.

Sheriff Wallace and Chief Moberly then went to Conception in Sheriff Wallace's car. The car was stored at Conception and the officers brought the two escapers back to Maryville on Wabash passenger train No. 1 this morning. They were replaced in the county jail.

A search of the jail this morning revealed a hacksaw, for sawing iron. It is eighteen inches long and in good condition. A pair of scissors belonging to the sheriff also was found. The saw was used to sever the bars, while the scissors were pressed into service to clip the wire screening over the jail door.

The scissors had been borrowed a few days ago from the sheriff by Whalen. Whalen claims Steinberg brought the saw into the jail with him ten days ago, while Steinberg says he found the saw in the jail when he was committed. It is the belief of officers that some one on a visit to the prisoners smuggled the saw into the jail.

Further investigation revealed the fact that two bars at the north end of the jail proper, and near the ceiling, had also been severed and bent back. Tracks on the window sill near the severed bars gave indication that one of the prisoners had previously made his exit from his cell in this manner, but failing to cut the bars at the window, was compelled to abandon this effort.

Another severed bar around the jail proper, surrounding the inside cells, also was found at the southwest corner and near the floor. It also had been bent outward, but not enough to allow a person to make his exit. Filings in several other of the large bars also were found. The jail is being overhauled and a thorough search is being made today at the direction of the sheriff to guard against further jail deliveries.

Four Now in Jail.

Only four prisoners now are contained in the county jail. They are Steinberg, 22 years old, of the state of Washington, arrested last week at Savannah, and charged with having passed three worthless checks, each for $18.25, in Hopkins December 29.

Whalen, 20 years old, of Battle Creek, Mich., who stole a bottle of morphine from the office of Dr. W. P. Stuckle in Conception last week.

Levi Kelly, serving time for having assaulted John Touhy here last June by striking him with a brick as Touhy was mounting the city water wagon.

Samuel Toay, serving time for beating a board bill at the Ream hotel last month.

Steinberg and Whalen were resting easily when a Democrat-Forum reporter called on them this morning, but both "had it in" for Kelly who squealed on them.

Are "Sore" at Kelly.

Steinberg would say but little, while Kelly was like a closed rat trap when questioned by officers and the reporter, but Whalen, young and unsophisticated, was very talkative and proceeded to explain the escape.

"We made good our escape and would easily have gotten away but for Kelly, who 'squealed' on us," said Whalen in one breath. "Kelly did as much sawing and attempt at delivery as either Steinberg or I, but because he was too fat to crawl through the small space made by bending the bar, was unable to escape.

"Perceiving that he could not escape along with us he gave the alarm, which resulted in our capture.

"Kelly sawed one of the bars entirely through and helped us on the other work. I did my best to help Steinberg, but being weak from the lack of 'dope,' which I am accustomed to, could do but little. Steinberg and Kelly therefore did most of the sawing and bending of the bars.

Removed Clothes to Escape.

"The two severed bars at the north end were cut before I came here last week," said Whalen, "but I helped to saw the lower one on the west side and the one in the jail door, through which we crawled. It took days to do the work. We would only do it at night, and then in the morning would 'soap' the filings to prevent detection.

"Before trying to crawl out last night we made certain that no one was in the sheriff's residence by calling for water, more heat and in other ways determining that all was right.

"Then Steinberg started crawling through the small space made in the jail door. He got half way through and stuck. Before he could go further I had to remove his trousers. I followed him, but also stuck and was compelled to remove my clothes.

"Kelly, seeing that the space was too small for him to make his exit, refrained from the acrobatic stunt, but waited until we were through and out of the jail, then gave the alarm. We ran directly to the Wabash station."

Prosecuting Attorney W. G. Sawyers, said this afternoon that he would file information against Steinberg, and possibly Whalen, tomorrow, charging them with jail breaking. The maximum penalty for such an offense is two years in the state penitentiary.

OPEN UP CHURCHES

EFFICIENT CHURCH MUST HELP HUMANITY, SAYS EVANGELIST

MAY BE TOO RELIGIOUS

The Rev. A. E. Burch Tells Baptist Audience There is Difference Between Religion and Christianity.

The over-religious person, the sanctimonious church and negligent parent came in for a hearing and some little scoring by the Rev. A. E. Burch at the First Baptist church revival last night. It was a capacity house that heard him. Preceding Evangelist Burch's sermon, the Burch family, consisting of Mr. and Mrs. Burch and two children, sang "I Am So Happy in Him."

"Christ always treats a sinner with the utmost kindness," said Mr. Burch in his address last night on "Old Satan's Rope." "If there is anyone that brands a sinner a hypocrite it is satan. The woman whom satan had bound fo reighteen years was loosened from her sin on the Sabbath, and the Jews were criticising Christ for his good work. There is such a thing as a fellow being too religious. There is a difference between religion and Christianity.

"I believe a church building is just a building and ought to be used as a meeting place for God's people. It ought to be thrown open to the masses, and if it were we wouldn't have so many dives and places of vice as we now have. I believe tonight that the efficient church today is the one that gets off its props and gets down to humanity and the needs of humanity.

Devil Always on the Job.

"When old satan gets a man down he demolishes all the furniture of his soul. His will, his mind, his intellectuality and his whole soul is demolished. He is bound with satan's rope.

"The devil is on the job every minute he can be. The more of Christ you try to live, the greater vision of the devil you are going to see. It is the hardest thing in the world to get loose from the devil's ropes. A man who doesn't believe in the devil has never honestly tried to believe in Christ.

"I believe if the church people realized how hard it was to break loose from the devil's ropes, they would go out into the highways and byways and help men to come in.

Parents Must Free Children.

"What does old satan use as a rope today? Any evil habit is a rope in tieing a man down. When Christ found a man bound by the devil's ropes, He set him free. Oh, the binding power of old satan, how hard it is to give up.

"Sometimes it is a holy ambition. Napoleon was bound by a holy ambition. Oh, the sacrifice of men to gain power, territory and influence.

"The world doesn't know how to live nor does it know how to die. We must teach them how to die. We must be on the job early and late, and every man, too.

"I don't believe that anyone but the parents can bring relief to their sons and daughters from satan's ropes.

"I don't believe there is a father in Maryville that will make an effort to loosen satan's ropes, but that their effort will be for good.

FORMER MARYVILLE GIRL WEDS

St. Joseph Telephone Operator Married Yesterday in Chicago.

Miss Dora Trullinger, an operator in a St. Joseph telephone exchange, a former Maryville girl, and J. J. Allison of Chicago, were married yesterday in Chicago, according to a notice in the St. Joseph News-Press of last night. Miss Trullinger is the daughter of Mrs. Lillian Trullinger of St. Joseph. The family resided in this city until a few years ago.

Young Allison, who is a foreman for the Rockford Sprinkling Company of Chicago, first met Miss Trullinger when he was sent to St. Joseph seven months ago on a mission for the firm. He roomed at Mrs. Trullinger's during his stay there. The couple was accompanied to Chicago yesterday by two neighbors of the Trullingers. After a short honeymoon trip the couple will live in Connorsville, Ind.

Kansas Visitors Here.

Mr. and Mrs. A. B. Leigh of Hutchinson, Kan., arrived in Maryville yesterday to visit Prof. and Mrs. Henry A. Foster, 415 West Ninth street. Mrs. Leigh is a sister of Mrs. Foster.

Appoint Buck Executor.

Joseph Jackson, Jr., was appointed executor today by Probate Judge W. H. Conn, of the estate of Franklin P. Buck, of Maryville, who died recently.

NEED MORE MONEY

COUNTY ENGINEER SAYS MORE ROAD REVENUE IS NEEDED.

COST $25,884 IN 1914

Improved Highways and Bridges Added With Local Labor at $1,039 Saving.

A total of $25,884.12 was expended in 1914 by Nodaway county, principally in the construction of improved bridges and culverts over the county, according to the annual report submitted to the county court today by County Highway Engineer John H. Clary. Of this amount approximately $9,000 went for fills, repairs and miscellaneous expenses on bridges and highways.

"The one great need at the present time is to provide some means for raising sufficient revenue to care for the needed repairs and the building of culverts and bridges to give safe and convenient passage to all classes of traffic," Engineer Clary concludes his report. "The class of work done in bridge and culvert building has been gradually improved each year for the past several years, and it is hoped that the necessity will not arise for the lowering of these standards."

Gave Up Some New Work.

The work of the year was continued chiefly to the building of bridges and culverts, and making such repairs as necessary. The policy of building only permanent structures was closely followed in all new work, but the heavy rains in the fall made it necessary to abandon some new work contemplated and the taking up of much emergency work and the building of some temporary bridges of used and new material.

The expenditures on roads and bridges for the year are:

Steel bridges	$ 5,901.78
Concrete culverts and bridges	10,848.17
Repairs and temporary bridges	4,784.39
Fills	1,102.45
Miscellaneous expense	3,247.33
Total	$25,884.12

Cut Out Contract Method.

Material was purchased for seven steel bridges, each of sufficient weight to carry a concrete floor. Six of these were erected with local labor, effecting a saving of $1,039.46 over the cost of six similar bridges built under contract a year before, with the additional advantage that these new bridges are each heavier, have longer wing walls and five of them have concrete floors.

This work was undertaken in the nature of an experiment and should be very gratifying to the county, since the letting of contracts for these small bridges has been very unsatisfactory as to cost, there being little real competition in the bids offered.

The seventh bridge is on the ground with other material ready for erection, the work having been stopped at the time of the heavy rains to take up the emergency work made necessary by the high water.

Many Unnecessary Bridges.

In all parts of the country are many bridges far in excess of the length required to provide for the drainage they care for. In making repairs these bridges have been shortened as much as practicable, and where possible many of these should be replaced with concrete culverts and fills.

County Engineer Clary also recites some of the larger bridge improvements of the past year and shows wherein some improvements and savings could be accomplished.

He further reports that fifty-eight bridges were repaired during 1914.

THIRD STOTTS TUTOR BEGINS.

First Marries, Second Unsatisfactory —New One in Today.

After two trials the board of education of the Stotts rural school, three miles south of Barnard, have secured a third teacher this term. She will begin her new duties today. She is Miss Cornie Lambert, formerly substitute teacher of the Rosendale schools.

The first rift in affairs at the Stotts school came just prior to last Thanksgiving, when Miss Goldie Wohlford resigned to marry. Her successor taught several weeks, but failing to keep good order in school, it is said, the board decided to replace her with Miss Lambert.

Miss Lambert, who visited County School Superintendent Albert H. Cooper here yesterday relative to her new appointment, said she intended to teach the remainder of the term at the Stotts school.

ATTEND BOARD MEETING

Christian Pastors at St. Joseph to Plan For "School of Methods."

The Rev. R. L. Finch, pastor of the First Christian church, and the Rev. J. W. Love, pastor of the Christian church of Burlington Junction, went to St. Joseph this morning to attend a conference of the district board of the Christian church.

The conference is for the purpose of making additional plans for the holding of the "school of methods," which is to be held in this city, February 8 to 12. This school is a comparatively new work which this denomination has taken up and will be the first of its kind ever held in Maryville.

It is for the benefit of the Seventh Missouri District of the Christian church which comprises 260 churches and Sunday Schools in twenty three counties.

The entire five days of the meetings are devoted to instruction. There will be no social features on the program. The session will begin each afternoon at four o'clock. There will be two lectures of an hour each in the afternoon and three of the same duration at the evening session which will begin at 7:30 o'clock. These lectures will be on certain lines of church endeavor and there will be special conferences and instruction in all phases of the church work.

Fully 300 of the leading Christian workers of the district and other eminent Bible school workers will attend the meeting.

SELLS FARM FOR $28,000.

Heber Collins Gets $7,000 Increase on 280 Acres After Year.

The 280-acre farm of Heber Collins, six miles northeast of Pickering, part of the old Shellman estate, has been sold for $28,000 to Charles Florea, living near Hopkins. Just a little more than a year ago Collins and W. W. Alexander bought the farm for $75 an acre. Later Collins bought Alexander's half interest at $77.50 an acre.

In the deal Collins took an 80-acre farm belonging to Florea at $125 an acre, or $10,000. It is located near the farm just sold.

Continuing the trading spirit while trading was good, Mr. Collins then further reduced his hold on terra firma by "swapping" the 80-acre farm to Lee Sharr, who lives eight miles southeast of Hopkins, for a 40-acre farm belonging to Sharr, at $125 an acre.

The last transaction was made this morning when the 70-acre farm of J. W. Sawyers, in the same neighborhood, was bought at $96 an acre jointly by Collins and Alexander. It was purchased merely as an investment.

WABASH ROADBED IS GOOD.

State Inspector Criticises Sanitation and Depot Facilities, However.

In a report of the physical condition of the Wabash railroad in Missouri, Frank A. Wightman says the roadbed of the Wabash railroad is in fairly good condition. The only criticism offered is in reference to sanitation and facilities of some of the depots on the Wabash. Wightman is making a physical inspection of all railroads operating in Missouri for the Missouri public service commission.

The Wabash operates 276.5 miles of main line from St. Louis to Kansas City; 88 miles from Moberly to the Missouri-Iowa state line; 157.84 miles from Brunswick to the Missouri-Iowa state line through Maryville and Nodaway countay; 21.7 miles comprising the Columbia branch; the Glasgow branch of 15.1 miles and the Excelsior Springs branch of 9.1 miles.

TO WED PICKERING GIRL.

Glen Bloomfield and Amy Leech Will Be Married Tomorrow.

A marriage license was issued in the office of the recorder of deeds this morning to Glen Bloomfield, 22 years old, of Parnell, and Miss Amy Leech, 18 years old, of Pickering.

The marriage is to be performed at noon tomorrow at the home of the bride's parents, Mr. and Mrs. S. C. Leech, five miles east of Pickering. Mr. Bloomfield is a son of Mr. and Mrs. W. E. Bloomfield, six miles east of Pickering.

They will reside on the farm of C. E. Patterson in the Bloomfield neighborhood.

NORMAL DEFEATS PICKERING

Training School Basket Ball Team Wins Over Visiting High School Players 28 to 9.

The Normal training school basket ball team defeated the Pickering eighth grade and high school team this morning in the Normal gymnasium by the decisive score of 38 to 9.

The Pickering team started off with a rush, when Moon, a high school lad, shot three goals in rapid succession. The training school ten seemed to hit its stride and commenced scoring almost at will.

The first half ended 24 to 8 for the training school lads. The second half was practically a repetition of the first, except that the Pickering team got only one point in the half.

Burks and Moon played well for the visitors. Every man on the training school team played good basket ball, with Michael, Condon and Cain appearing to particular advantage. Harvey Watson, a former member of the Normal school first team, is now coaching the training school team. Summary:

Pickering—Field goals, Moon 3, Lett 1; free throws, Moon 1.

Maryville—Field goals, Price 2, Cain 8, Michael 7; free throws, Michael 2, Price 2.

Referee—Lyle and Scarlett.

LIVENGOOD HEADS PAPER NOW.

Elmo Normal Student Succeeds Myrtle McPherron as Editor of "Green and White."

At the regular election of an editor-in-chief of the Normal school Green and White Courier yesterday, Lowell Livengood of Elmo was chosen by the student body. The other candidates for election were Miss Ivah Barnes and Henry Miller.

Miss Myrtle McPherron, who has been editor-in-chief since the founding of the paper, will leave Maryville in February in time to enter the second semester of Drake university. Miss McPherron has filled the office well and has done much to make the paper the excellent publication which it has been, it is said.

Mr. Livengood is considered well qualified to fill the position to which he has been elected.

TRY LONG BY SPECIAL JUDGE.

Litigation in Seduction Case from Atchison County to Be Aired Again Here Soon.

Judge Arch E. Davis of Chillicothe was this morning appointed special judge to hear the case of the state against Ollie Long, charged with seduction, in Maryville at an early date. The action was taken by Judge W. C. Ellison in circuit court here.

Long was charged originally with the crime in Atchison county. Through a change of venue, on the grounds of prejudice, the case was transferred for trial to the circuit court here. It resulted in Long's conviction. An appeal was taken to the Kansas City appellate court. That tribunal reversed the decision and remanded it back here for re-trial.

The appointment of a special judge followed.

54 LAWYERS IN LEGISLATURE.

Farmers Next With 38 in House and 6 in Senate—Democrats Predominate.

Of the 176 members of the present state legislature of Missouri fifty-four are lawyers and forty-four are farmers.

Politically the senate stands: Democrats, 26; Republicans, 8. Three of the new senators, Frank Farris of the tenth district, Edwin L. Moore of the twentieth and Col. W. H. Phelps of the twenty-eighth district, were members of the house of the Forty-seventh general assembly.

Two of the new senators, John F. Morton of the eighth district, and Peter Anderson of the Thirty-fourth district, served in the senate several years ago.

Of the thirty-four members of the senate, 16 are lawyers, six are farmers, two are physicians, one is a druggist, one an editor, one a jeweler, one a real estate agent, one a contractor and one a banker.

In the house more than one-third of the 142 members served in the house of the last assembly so that in legislative experience that body is well equipped.

The lawyers and farmers are tied in the house, there being 38 of each. Other avocations and professions are represented as follows: Real estate agents, nine; druggists and lumber dealers, two each; merchants, five; preachers, two; clerks, three; bankers, two; editors, four; insurance agents, two; land agents, bakers, evangelists, contracting engineers, hotel proprietors, station agents, teachers, loan agents, salesmen, millers, veterinary surgeons, painters, locomotive engineers, stockmen, builders, plumbers, retired capitalists and printers, one each.

Politically, the house stands: Democrats, 76; Republicans, 65; Progressives, 7. Party vote on joint ballot: Democrats, 102; Republicans, 73; Progressives, 1.

The lawyers, taking the assembly as a whole, predominate, as they have a total of 54 out of the whole membership of 176, the farmers following next with a total of 44 for the two houses.

To Give Entertainment.

The pupils of the Union school, three miles north of the city, are preparing an entertainment to be given Saturday night. The program will be followed by a box and pie supper. Miss Nellie McKnight is the teacher of the school.

YET WOMEN GAIN

THOUGH SUFFRAGE AMENDMENT LOST, SENTIMENT CHANGES.

WILL WIN EVENTUALLY

W. C. Van Cleve Describes Defeat of Franchise in Congress—Steadily Advance Towards Goal.

(By W. C. Van Cleve.)

Washington, D. C., Jan. 15.—Tuesday was women's day in the house of representatives. The spacious galleries of the house were resplendent with colors and aglow with feminine beauty and brilliance. Two forces were in evidence, those praying for equal suffrage and those opposing it. In what proportion they were divided or represented, deponent cannot state, for under the rules of the house the occupants of the galleries are not allowed to show either approval or disapproval of utterances made upon the floor. Despite this fact and the frequent admonitions of the speaker, there were numerous outbursts of applause until he threatened to clear the galleries.

The issue before the house was the proposition to adopt an amendment to the federal constitution granting full suffrage to women. The question was debated for about eight hours and many speeches, some able, some eloquent, some ingenious and some otherwise were made. On the whole the speeche on both sides were more interesting and more illuminating perhaps than those made on the prohibition amendment.

Though Defeated Vote Shows Change.

The result was a foregone conclusion, although the proposition secured 174 votes as against 204 votes opposed. The day marks a new era, however, in an old fight. While the resolution failed of adoption, it was dignified by a vote in the house, which has never occurred before.

The senate voted on a similar proposition last March. It has taken a half century of persistent effort on the part of suffrage propagandists to win the recognition that has been given it in the present congress. All prior congresses have allowed the matter to rest peacefully in committee.

Forty-five years ago Mr. Julian of Indiana introduced in congress a resolution providing for an amendment to the constitution enfranchising women. It was drawn along the lines of the fifteenth amendment, and provided that "The right of citizens of the United States to vote shall not be denied or abridged by the United States or by any state on account of sex." That was known as the Susan B. Anthony amendment, and it has been reintroduced in every congress since that time under different names as its sponsors changed.

Women Learn Politics.

Now that the resolution so long ignored has been allowed to come to a vote, it may be worth while to note that the women have evidently learned some practical politics. It would be a shocking injustice to say that they had maintained a lobby, but they have during the past two years maintained headquarters here in Washington and kept a force of workers in the field at much expense.

They have kept the matter before the members of congress by personal appeal, they have bombarded the committee continually and they have kept letters, petitions and telegrams coming by the thousands.

They are undaunted by this failure to secure the adoption of their resolution, but, on the other hand, profess to be much encouraged and declare the day is not far distant when they will win.

PRESENT DRASTIC "DRY" BILL.

Senate Measure Would Provide Prohibition in Cities of 2,000 or More.

A bill providing precinct local option in the towns and cities of 2,000 or more population—aimed principally at St. Louis—will be introduced in the state legislative assembly this week at the request of the Missouri Anti-Saloon league. This measure is perhaps the most drastic the so-called drys will advocate, and every effort they can command will be made to put it through.

In all probability the bill will be introduced in the senate by Senator Craig of Nodaway county.

The ladies of St. Patrick's church will give a coffee Wednesday afternoon and evening, January 20, in the church hall. Everybody invited.

Leaves for Oklahoma City.

Miss Stella Q. Smith left this afternoon for Oklahoma City, Okla., to resume her work in the city school. En route Miss Smith will visit at St. Joseph with Misses Mamie and Anna Dooley, and at Kansas City with her brothers, Charles and William Smith. Miss Smith has been spending several months with her parents, Mr. and Mrs C. Q. Smith, while recuperating from a serious illness.

"CASCARETS" ALWAYS STRAIGHTEN YOU UP

If Costive, Headachy, Bilious, Stomach Sour, Breath Bad—Clean Your Liver and Bowels.

Get a 10-cent box now.

You men and women who can't get to feeling right—who have headache, coated tongue, foul taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have backache and feel worn out.

Are you keeping your bowels clean with Cascarets, or merely forcing a passageway every few days with salts, cathartic pills or castor oil?

Cascarets work while you sleep; cleanse the stomach, remove the sour, undigested, fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the bowels.

A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular, and head clear for months. Don't forget the children. They love Cascarets because they taste good—never gripe or sicken.

HEARING ON LITERACY TEST NEXT FRIDAY

Friends See President Giving Way to Legislators.

Washington, Jan. 19.—President Wilson received the immigration bill as passed by congress and set aside three hours next Friday to listen to arguments on the merits of the measure.

The bill went to the White House with the restrictive literacy test for admission of aliens unamended, despite frequent declaration by the president that this form of restriction did not meet with his favor. What the president finally will do is problematical, but his granting hearings has aroused the hopes of champions of the measure that he will not veto the bill.

In congress there are many Democrats who believe that the bill could be passed over a presidential veto in both houses by the necessary two-thirds majority.

When President Taft vetoed a similar measure it was repassed by more than two-thirds majority in the senate and failed by only a few votes in the house.

DUTCH LINER HELD UP

Nieuw Amsterdam Delayed by British Cruiser Outside New York.

Washington, Jan. 19.—Republican Leader Mann read to the house a wireless message to him from Oswald F. Schuette, a former Washington correspondent, now en route to Berlin on a Dutch liner, saying:

"Nieuw Amsterdam held up by British cruiser Caronia in sight of New York. American citizens forced to show passports to British officer. We are a neutral power and have some rights and we ought to have our rights respected now," he said to Representative Mann.

J. PIERPONT MORGAN CALLS ON PRESIDENT

Washington, Jan. 19.—J. Pierpont Morgan, discussed the foreign exchange situation with President Wilson and informed the president that conditions were improving. He mentioned, incidentally, the credit of $12,000,000 established by the Russian government in the United States through Mr. Morgan's banking firm.

It was understood Mr. Morgan informed the president that the increase in American exports to Europe recently has greatly reduced the debt owed in Europe by Americans at the outbreak of the war and that as a result conditions were progressing favorably. Mr. Morgan explained that his firm has not arranged for a direct loan of money to Russia, but that debts owing by Russia in this country for the purchase of supplies would be met through Morgan & Co.

CATTLE AND HOGS LOWER

But Lighter Receipts May Increase Prices, Prediction—Feeders on Market Now.

Kansas City Stock Yards, Jan. 18.—The feature in the cattle market here last week was the fact that 20,000 cattle, 60 per cent of the supply, went into the hands of stocker and feeder buyers. The bulk of these cattle went out at prices 15@25c below Monday. The comparatively small number of killing cattle remaining sold 10@15c lower the first part of the week, but after Wednesday there were signs of returning strength. Receipts today at all points are light, and the market is strong to 15c higher here on killing cattle. Run here 14,000 head.

Stockers and feeders again make up a large proportion of the run and sales are steady on the best, others unevenly lower. It required powerful influence to keep cattle back today in Chicago territory, where many feeders are almost forced to sell. Much of the beef produced in the last few weeks has come from low priced cattle, a class that finds the best outlet.

Choice steers sold here last week at $9, but high class steers are selling at $8.25@8.75, good short-fed steers $7.50@8.00, and plain steers, $7.25@7.60. Butcher cattle are strong to 10c higher today, following weakness since the first of the year. Cows sell at $5.50@6.50, a few prime cows up to $7.25, bulls $5.75 to $6.50, veal calves $8.50@10.50. Quarantine cattle in small supply, mostly medium steers at $6.25@7.75.

Hog receipts were lighter last week, but the market closed 10@15c below Monday. As a general rule each day's market closed strong for the day, indicating that killers have a place for hogs at the present range. Receipts today were 6,000 head, market 5@15c higher, top $7.00, bulk of sales $6.75@6.95. Order buyers paid the top, and some hogs were locked up because salesmen declined to sell to packers under $7. Light weights brought within a nickel of the top.

The supply here today is less than one-half as heavy as on either of the two preceding Mondays, and other markets also have moderate receipts today, so that higher prices later in the week may result.

Sheep buyers had bearish orders late last week, and their best bids on lambs Friday were around $8, which was 65c lower for the week. Ewes and wethers were quoted 25@40c lower, but very few sheep or lambs were sold at this reduction, salesmen either forwarding the stuff or holding over. Receipts today were held down to 2,400 head, and nothing very good was included. Lambs from Ft Collins and from Monte Vista brought $8.15 today, but strictly choice lambs would reach $8.35.

Ewes sold at $5.35, only medium quality. Sales today were 15@25c higher than Thursday or Friday. Declines this year are not taken seriously, because the market can be nursed back to strength with ease, as numbers bearing on the market, especially at Kansas City, are the smallest in several years at this time.

ENEMIES OF VILLA DEPOSE GUTIERREZ

Seize Mexico City and Appoint Garza Provisional President.

Mexico City, Jan. 18.—General Roque Gonzales Garza was elected provisional president of Mexico by the convention in session here, over which he presided. The former provisional president, General Eulalia Gutierrez, together with Generals Blanco, Robert and Jose Vasconcelos, left Mexico City for Pachuco. Martial law has been declared by Garza and the city is being patrolled by mounted police.

In electing Garza the convention declared itself to be supreme until a new president is elected and assumes all the legislative, executive and judicial powers. The convention issued formal orders for the withdrawal of the forces at Naco, Sonora.

The sudden change of the chief executive was made at an extraordinary session of the convention. The reason for Garza replacing Gutierrez, who was appointed recently by the Villa-Zapata convention, was not disclosed.

General Villa, with all the troops he hastily could assemble, is hurrying to the capital from Aguas Calientes.

VIEWS OF ALLIES' OBSERVER

German Medical Corps Not as Good as British, He Asserts.

London, Jan. 19.—A military observer at the British army headquarters in France, discusses the "physical and mental conditions" of the British troops and the Germans opposing them.

The writer, after making due allowance for the probability that the German prisoners in many cases represent the somewhat inferior elements of Germany's forces, says that "there seems to be a difference in the feeling of the German rank and file from that which existed some weeks ago."

"Some of our prisoners," the observer continues, "now realize that a victorious German advance is out of the question and that their duty is merely to gain any advantage commensurate with the sacrifices incurred.

"As regards physical well being," the British officer says, "it is doubtful if the Germans are so well off as are the British. The German medical arrangements also are inferior, many civilian physicians without surgical experience being used."

Senate Refuses to Advance Dry Rider.

Washington, Jan. 19.—The senate defeated, 40 to 38, the motion to suspend its rules for consideration of a prohibition rider to the District of Columbia appropriation bill. A two-thirds majority was necessary to suspend the rules prohibiting general legislation in appropriation bills, and the motion failed to receive even a majority. Debate has lasted five days.

R. W. Eversole of the dry goods firm of Eversole & Son will return this evening from a business trip of several days in Kansas City.

To Whom It May Concern

SUE OVER FARM TITLE.

Jury of Six Hears Evidence in Litigation Over Sullivan Clark Estate.

The trial in circuit court here in the perfect title suit of William M. Clark and others against Elenor Clark, which was begun late yesterday afternoon, is expected to end late today. It is being tried before a jury of six men. The case went to the jury at 3 o'clock this afternoon.

The plaintiffs allege that Sullivan Clark, husband of the defendant, was not capable of conducting his business, due to old age and mental disability, and that she used her influence in persuading him to deed half interest of the real estate in question over to her.

BAD COLD? HEADACHY AND NOSE STUFFED

"Pape's Cold Compound" Relieves Cold or the Grippe in Few Hours —No Quinine Used.

Take "Pape's Cold Compound" every two hours until you have taken three doses, then all grippe misery goes and your cold will be broken. It promptly opens your clogged up- nostrils and air passages of the head; stops nasty discharge or nose running; relieves the headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffling. Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound,' which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute.

Is Granted a Divorce.

Sylvia L. Rhoades was granted a divorce by default from Bert Rhoades, in circuit court this morning. Her maiden name of Sylvia L. Harris also was restored.

For Sale

Having rented my farm, I'm offering to sell all or any part of the following: Coach Horse and mammoth Jack, 7 draft mares, safe in foal to my jack; 6 young weanling mules, 25 cows with calves by sides ready to wean, 1 Red Pole three year-bull. Over three hundred head of Poland-China young hogs as good as J. O. James or Fred P. Robinson have as I use their boars and sows. Can block together 100 weanlings, weighing 30 to 60 pounds; 100 60 to 100 pounds; and 100 weighing 100 to 150 pounds, also about 30 young bred sows. I feel safe in saying these hogs are O. K. having lost over four hundred last year, these hogs have gone through a light seige and have lost some but they are all correct now.

RUSSIANS HOLD BACK INVADERS

Mackenzen Tells of Triple Barrier In Way of Germans.

MUSCOVITES FIGHT FIERCELY.

Though They Suffer Reverses and Their Losses Great, Czar's Forces Give No Sign of Breaking—Lull In the West Is Apparent.

Headquarters, Ninth German Army in Poland, Jan. 19.—Short days, miserable roads and stubbornly resisting enemy are the three fold difficulties preventing rapid progress in the eastern campaign, according to General von Mackenzen, commander of the Ninth German army.

Effective shelling of the enemy's position, without which no infantry attack against an entrenched enemy is possible in these days of modern, rapid firing rifles and machine guns, can be carried on only during five or six hours of daylight.

Infantry attacks cannot be pressed home in the same short period. The Russians, although at times suffering reverses, with high losses in killed, wounded and prisoners, show no signs of breaking and are fighting hard, with every advantage of position for each yard of ground between the German army and Warsaw.

No Change In West.

London, Jan. 19.—The omission from the German official report of any reference to Soissons, the scene of the recently marked German success, and the French statement that there has been no change in that region leads to the belief that a renewal of the violent struggle is there impending, the temporary quiet being due to the fact that neither side cares to risk an offensive in the present circumstances.

At widely separated points elsewhere on the western front there have been engagements, but the weather again is playing an important part. The storm in Belgium prevents operations, except artillery duels, and snow in the Vosges, at the other extremity of the line, makes attacks exceedingly difficult.

KAISER ISSUES ORDER

Prisoners of War Will Have No Military Honors at Burials.

Amsterdam, Jan. 19.—Emperor William has issued an order that untrained German reservists no longer shall be permitted to serve as guards of honor at the burials of prisoners of war, according to the Handelsblad.

"As much as we would like to give deceased prisoners of war the last military honors," the order of the emperor is quoted as saying, "all considerations must give way to the main work of these troops, namely, the acquisition as quickly as possible of the necessary military training."

German Official Statement.

Berlin, Jan. 19.—The German official statement refers to artillery exchanges in France; says the Germans were successful in various encounters of minor importance and declares the French have not recently undertaken any direct attacks. German forces occupied French positions near La Boiselle, and in the Argonne, and the Germans still are contesting a French advance near Pont-A-Mouson.

Appeal of Frank Placed on Docket.

Washington, Jan. 19.—The habeas corpus appeal of Leo M. Frank, convicted of the murder of Mary Phagan, the Atlanta factory girl, was docketed in the supreme court. The state of Georgia may now at any time move to have it advanced for early hearing. Without such action it will not be reached in the regular course of business for nearly eighteen months.

Revenue Cutters Save 476 Lives.

Washington, Jan. 19.—Revenue cutters of the United States saved 476 lives and gave assistance to 219 vessels, valued, with their cargoes, at more than $9,000,000 during the fiscal year, which ended June 30 last, according to a report to congress by Commandant E. P. Bertholf. For every dollar expended by the service it aided in saving property worth $3.72.

President May Address Navy League.

Washington, Jan. 19.—"National defense without militarism" is to be the keynote of the tenth annual convention of the Navy League of the United States, to be held in San Francisco, March 25-27. Senator James D. Phelan of California, who is to preside, has invited President Wilson to address the convention.

Panama Canal Workers Must Pay Rent.

Washington, Jan. 19.—Under a presidential order, employees of the Panama canal and the Panama Railroad company will have to pay rent and buy their fuel and electric current March 1 next. Heretofore these things have been supplied by the government free of cost.

To Establish Colorado Park.

Washington, Jan. 19.—The senate bill to establish the Rocky Mountain National park comprising 231,000 acres in Colorado, mostly in forest reserves, was passed by the house, after the adoption of some minor amendments. There was practically no opposition.

PRINCE HUSSEIN KAMEL.

New Khedive of Egypt, Who Is Now Preparing to Resist a Turkish Attack.

WOLVES ATTACK QUAKE SURVIVORS

Parties Formed to Hunt Down Beasts of Prey.

Rome, Jan. 19.—At Avezzano all the dogs in the town have been killed because they had been prowling in the debris among the bodies of the dead. At several places wolves have come down out of the mountains to attack survivors. Parties have been formed to hunt down and exterminate them. The wolves are said to be so vicious that they even attacked automobiles passing along the roads.

Work in the ruins is being carried forward as speedily as possible. Many persons were rescued alive in numerous towns from beneath the debris of fallen buildings, where they had lain without food or water for a week.

The pope has sent aid to all the bishops of the dioceses in the earthquake zone. A fund of $4,000,000 has been received by the pontiff thus far.

One estimate of the property loss says it will exceed $60,000,000.

In dozens of villages citizens who escaped with their lives are still in poignant fear that new shocks will tumble their buildings about their heads and are camping out to avoid further danger. Gradually, however, the seismic disturbances are lessening.

WIFE ASSISTANT GOVERNOR

Carlson Names Helpmeet to Aid In Looking After Legislation.

Denver, Jan. 19.—Colorado has a woman "assistant governor." Governor Carlson announced that he had appointed his wife to this position, and she will serve during his entire administration, putting in as many hours each day as does the governor. Mrs. Carlson's chief duties will be to look after legislation relating to women and children.

Suffs Now Turning to States.

Washington, Jan. 19.—Declaring that the vote in the house recently on the Mondell resolution for a constitutional amendment to enfranchise women had demonstrated conclusively that the next important step in the suffrage movement must come through the states, Mrs. Medill McCormick, chairman of the congressional committee of the National American Woman Suffrage association, announced that the committee's activity for the remainder of the session would be devoted to such legislation as would advance the cause in the various states.

Celluloid Comb; Baby Dead.

Chicago, Jan. 19.—A celluloid comb caused the death of Mary Mayer, eighteen months old. The child was playing with the comb in front of the stove. It ignited and set fire to her clothing.

WANT STATE CONTROL OF PRICES OF FOOD

London, Jan. 19.—An increase of 70 per cent in the price of wheat, as compared with a year ago, and similar advances in other foodstuffs are giving rise to demand for some form of state control of the food supplies. The General Federation of Trades Unions has taken up this matter and intends to urge the government when parliament meets to take steps to prevent speculation in food products. The price of wheat is now higher than at any previous time in fifty years.

Government regulation of freight rates and transportation of foodstuffs over the seas also is strongly urged.

SUNDAY TALKS IN WASHINGTON

Evangelist Preaches to Solons, Cabinet Heads and Diplomats.

WILSON IS UNABLE TO ATTEND

Revivalist Visits National Capital and Speaks For an Hour on "If Christ Came to Washington"—Introduced by Speaker Clark.

Washington, Jan. 19.—Billy Sunday, the revivalist, visited Washington and talked to 5,000 persons about "If Christ came to Washington." Members of the cabinet, congressmen, diplomats and government officials helped to swell the big audience that listened to the picturesque sermon of the baseball evangelist as he climbed upon a table and warned his hearers that "God must be served."

Champ Clark, speaker of the house, presided over the meeting, and Secretary Bryan, Attorney General Gregory, Secretary Lane and J. P. Tumulty, secretary to the president, occupied seats on the platform. A number of senators were present and Speaker Clark remarked, as he introduced the preacher, "that a quorum of the house was on hand."

Sunday was a trifle hoarse, but he spoke for an hour with tremendous energy. He declared that he believed he "would not have to leave the corporate limits of Washington to find people who would vote to crucify Jesus Christ if he walked up Pennsylvania avenue today."

"Christ is already in Washington," he asserted. "He sees every false vote that you cast here, or that is cast in your constituencies. His judgment of you or me is not based on what he reads in the Congressional Record."

As the assemblage arose to hear the preacher's final prayer he thanked God for "a president in the White House who bows his knee in submission to God."

The president was invited to the meeting, but was unable to attend. His daughter, Margaret Wilson, and Miss Helen Bones, the president's cousin, were present.

Mrs. Fred Fox and daughter, Minnie, of Graham spent the day with friends in Maryville today.

John Sparks of Parnell spent the day visiting friends in Maryville.
